Elliott Davis Technology Solutions, LLC (EDTS) Professional Earns Certification

Raymond White Earns Cisco Advanced Wireless LAN Field Specialist Certification

AUGUSTA, Ga. Oct. 2, 2008 – Elliott Davis Technology Solutions (EDTS), a full-service technology consulting firm, announced that Network Engineer Raymond White, CCA, CCSP, CCNA, MCSE, MCSA recently earned the Cisco Advanced Wireless LAN Field Specialist certification.

White earned Cisco Advanced Wireless LAN Field Specialist certification by demonstrating expertise on the following examinations: *Advanced Wireless for Field Engineers (AWLANFE)* and *Lifecycle Services for Advanced Wireless LAN*.

As a certified Cisco Advanced Wireless LAN Field Specialist, White can successfully install, configure and support solutions using the advanced feature set of Cisco wireless products and based on a validated understanding of radio frequency and antenna theory, 802.11a/b/g standards and support of controllers and APs.

Based in EDTS' Augusta office, White has more than eight years experience in computer networking and network security. In addition to his recently earned Cisco Advanced Wireless Field Specialist certification, White holds the following certifications: Citrix Certified Administrator (CCA) certification, Cisco Certified Security Professional certification (CCSP), Cisco Certified Network Associate (CCNA), Microsoft Certified Systems Engineer (MCSE), Microsoft Certified Systems Administrator (MCSA), and the Cisco Certified Design Associate (CCDA).

"We are thrilled to have someone of Raymond's caliber on staff at EDTS," said Charles Johnson, EDTS' managing shareholder. "His dedication to expanding his technological knowledge and expertise make him a great asset to our team and to the clients we serve," added Johnson.

EDTS was founded in 1999 with only two employees and has continually expanded its services and increased its staff. The combined knowledge of EDTS' workforce represents more than 80 years of IT industry experience.
